

Precise, Quantitative and Fast Detection of Aflatoxin M₁

VICAM's Afla M₁-V quantitative strip tests answer one of today's toughest food safety challenges with a new, user-friendly lateral flow strip test for aflatoxin M₁ in dairy products—providing precise results in just minutes. Aflatoxin M₁ is the metabolic byproduct created when a dairy cow ingests feed that contains aflatoxin B₁. Aflatoxin M₁ is a Group 2B (probable) carcinogen according to the International Agency for Research on Cancer (IARC), resulting in strict legislation governing maximum allowable limits for human consumption.

The European Union, and Egypt enforce a maximum limit for aflatoxin M₁ at 50 parts per trillion (ppt). The United States Food and Drug Administration (FDA) and CODEX enforce a maximum limit for aflatoxin M₁ at 0.5 parts per billion (ppb) or 500 parts per trillion (ppt). Afla M₁-V test strips utilize the proven sensitivity and selectivity of VICAM's monoclonal antibodies to accurately measure aflatoxin M₁ at levels as low as 25 parts per trillion (ppt) and as high as 750 ppt which meets both regulations. The no filtration sample preparation saves time while minimizing consumables, reagent use and eliminating the need for a centrifuge. The test requires only 10 minutes to develop and digital results are displayed on the Vertu Lateral Flow reader—with optional printing and data transfer to a computer. Afla M₁-V is revolutionizing the way aflatoxin M₁ is managed at the plant by delivering fast, precise results to dairy producers worldwide.

HERE'S HOW SIMPLE VICAM TESTS ARE TO USE:

PREPARE SAMPLE

- No sample preparation
- Keep the sample cold (on ice) before testing

PREPARE THE TEST STRIP

- Add 200 µL unfiltered sample to strip test vial
- Mix well
- Place vial in incubator
- Insert Afla M₁-V test strip

DEVELOP/ANALYZE

- Incubate
- Place strip in Vertu Reader

BENEFITS

Fast Screening – Results in 10 minutes

Simple – No special training required

Sensitive – Limit of detection as low as 25 ppt

Convenient – Easily performed onsite or in the laboratory

Durable – Long shelf life

Accurate – Real-time data which can be printed or transferred to a spreadsheet

ORDERING INFORMATION

Vertu Afla M₁-V Basic Equipment Package

Cat. No.	Description
176004172	Vertu Afla M ₁ -V Basic Equipment Package, 110 V
176004173	Vertu Afla M ₁ -V Basic Equipment Package, 220 V

Vertu Afla M₁-V Basic Equipment Contents

725000574	Vertu Reader with Barcode Scanner, 110 V/220 V
725000577	Vertu Printer, 110 V/220 V
600001107	Strip Test Vial Rack
G4036	Digital Timer
176003201	Complete Mini Incubator, 110 V
176003202	Complete Mini Incubator, 220 V
600001332	Afla M ₁ -V Drawer for Vertu Reader
715002543	Vertu Basic Instruction Manual
600001219	Vortex Genie, 110 V
600001220	Vortex Genie, 220V

Vertu Consumables and Supplies

Cat. No.	Description
176004148	Afla M ₁ -V Kit (25 Tests)

Afla M₁-V Kit Contents

100000372	Afla M ₁ -V Pack (25/pk)
600001679	Strip Test Pipettes, 200 µl (25/pk)
715004500	Afla M ₁ -V Bar Code Set
715005523	Afla M ₁ -V Instruction Guide
600001678	Strip Test Vials with Conjugate Pad

The analytical methods presented in this data sheet have been researched and developed by VICAM to be used exclusively with Afla M₁-V products. These analytical methods have been validated in the VICAM laboratories to perform to the specifications indicated in the Afla M₁-V procedures. The user assumes all risk in using Afla M₁-V analytical procedures and products. VICAM makes no warranty of any kind, expressed or implied, other than that Afla M₁-V products conform to VICAM's printed specification and quality control standards. VICAM will, at its option, repair or replace any product, or part thereof, which proves to be defective in workmanship or material. VICAM's undertaking to repair or service such products is exclusive and is in lieu of all other warranties whether written, oral, expressed, or implied, including any implied warranty of merchantability or fitness for a particular purpose. VICAM shall have no liability for anticipated or lost profits or any loss, inconvenience or damage whether direct, indirect, incidental, consequential or otherwise, to person or property, or for strict liability or negligence arising from or in connection with the use of these assay procedures or Afla M₁-V products.
